## *Something to think about . . .*

Let's assume that you want to buy twenty or thirty good bulls for a commercial enterprise or for resale in your home area, or a large number of females . . . the right kind with the right ancestry. The first question that comes to mind is, "Where can I get the job done most economically and with the least trouble?"

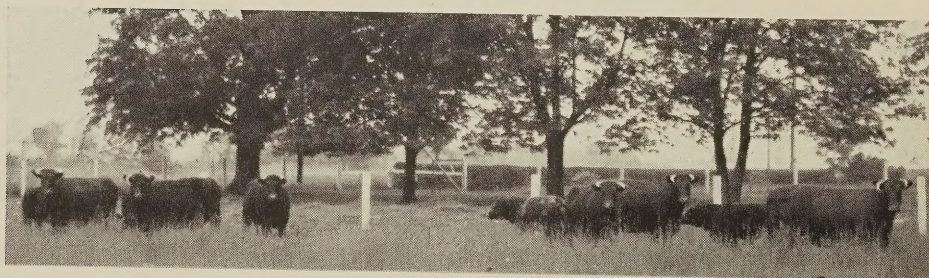

The answer is, "ILLINOIS and right at this time of year." Begin with the Illinois State Sale on March 4, follow the next day, March 5 with the sale at Danville, the next day, March 6, the sale at Macomb. These are all in central Illinois. On March 11 the North Central Illinois Sale is at Ottawa; on March 13 the Southern Illinois Sale is at DuQuoin, and the big "Sale of Satisfied Buyers" is at Knoxville on March 18.

If you want to spend some time in Illinois between sales, we will supply you with an **Illinois Shorthorn Road Map** where the locations of 185 Illinois herds are so accurately described that you can drive to these farms without asking directions. You will see the most famous sires and the greatest breeding herds in the land.

We will arrange the housing and care of cattle bought in the state sale until after the Knoxville sale, and will be glad to help plan your motor trip through the state. Drop me a line.

## About the bulls in this sale . . .

Please note that all but three of the nineteen bulls in this sale are ready to use now, and those three are show prospects. These are not just "surplus" bulls . . . they were selected for this sale six months ago, and these loyal consignors have turned down attractive private treaty offers in order to make a strong offering for the annual show and sale of the Illinois Shorthorn Breeders' Association. If you would like to own a really good bull sired by one of today's top sires, here is the place to buy him.

Kirkton Baronet is a magic name both here and abroad. Few sons are available for sale. Lot 1 is a rare opportunity to buy an imported son of this great sire.

Kirkton Jasper—A dark roan, three-year-old imported son of the noted Kirkton Baronet that we purchased from Miss Jean MacGillivray in 1952. We have used him on several of our imported cows and he is a sure breeder. Since we have our new bulls from Kinellar we are in position to offer him in this Illinois State Sale. He has a wonderful head and plenty of bone. We will have several calves by Kirkton Jasper very soon.

Argen Favorite—A well balanced, rugged, red son of Britomac Edwin that shows great promise. His dam, from the Willow Lee herd, is by Beathton Favorite, and his granddam is by Collynie Remembrance. His dam has consistently produced the top kind. Her first calf, HSF Helen, was first prize two-year-old heifer at the 1953 International. Her second calf, HSF Helen 2nd was first in class at this sale last year; her third calf is this bull Argen Favorite; and her fourth calf, a red heifer, will be in our 1954 show herd. All of these calves were sired by Britomac Edwin whose calves have been making outstanding records in breeding herds as well as on the show circuit. The record of his calves at the 1953 International assures good breeding in Argen Favorite.

Crieffvechter Beacon has been in the headlines ever since he produced his first calves. He has left a great crop in the Ernest E. Johnson herd. Lot 4 is one of the few sons that will be available as Beacon is dead. He is also a grandsire of Lots 6, 37 and 48.

He is by Prai-Co Broad Beam, a son of imported Crieffvechter Beacon that we have used with success, and his dam is the great cow Marellbar Clipper Rita 2nd by Marellbar Mandate. Here is the pedigree and herd sire to complement any herd.

Baronet Pretender—A half brother to Baronet Supreme, the sensational bull that stood fourth in the open summer yearling class at the 1953 International. Both of these bulls are by Bar Boy, our imported-in-dam son of Kirkton Baronet. This bull is smooth with an extra good head, plenty of bone and deep quarters. We think you will like this good red bull. He is ready for heavy service.

Marellbar Umpire, one of the principals of the movie "Mr. Shorthorn USA," was champion and top of the 1951 Fort Worth sale. He sired the junior and reserve grand champion bull, Sunset Knolls Footprint, as the 1953 International, as well as the reserve junior champion bull, MV Lucky Bonspiel. He is owned by W. E. Carter, and is sire of Lots 8 and 10.

This calf has a very good head, thickness, depth, width and wonderful fleshing qualities. He is a half brother to the bull that sold for \$875 in a former Illinois State Sale. He is out of the cow that was reserve champion sale heifer at the 1950 Iowa State Sale and she is by a son of Sni-A-Bar Control. We have used this bull and feel he will do a tremendous job in any herd. Don't overlook him.

Sunset Knolls Emblem—Here is a son of Marellbar Umpire that you have all been waiting for. He is a half brother to the reserve grand champion bull at the 1953 International and could be a winner himself. He is red, born September 5, 1952. He has had no special care and we have used him liberally, but he is very thick, low set, good-quartered with plenty of depth and a very fine head. His dam is a very good red daughter of WL Impression. Make this bull your next herd sire.

Edellyn Royal Leader 114th is another of the great sires produced at Edellyn Farms. Many times a champion now siring champions, he produced the grand champion of the 1953 International as well as the first prize senior bull calf that sold in the Congress sale at \$3300. Marellbar Rehearser—Dark red, is one of the few bulls by Cruggleton Allardice to be sold this year and certainly one of his best sons. Reports from Marellbar customers who are using sons of Cruggleton Allardice indicate that they are proving excellent sires. The dam of this bull, Marellbar Lady Augusta 7th, was the dam of the top-selling female in our June 1953, sale at \$4,100. She is by Beaufort Bonspiel, he the grand-sire of the 1953 International reserve grand champion bull, junior champion and reserve junior champion. Beaufort Bonspiel is a grandson of the famous Bapton Air Pilot.

Left, Corrimony Fort Augustus, imported from the 1949 Perth Show and sale for Kickapoo Farms. His get have been first in the Wisconsin State Fair and at the American Royal, and he sired the reserve Congress female at the 1951 International. He is sire of Lots 19 and 44.

Right, Kickapoo Fort Monroe is an example of what buyers think of an 11-month-old son of Corrimony Fort Augustus, the same age as Lot 19. He was bought from Kickapoo Farms in the 1953 International Congress sale at \$1,100 by Paul H. Aldinger, Ackley, Iowa.

Kickapoo Fort Command—We are selling this dark roan, April, 1953, son of imported Corrimony Fort Augustus too young to realize his true value, although we sold a twelve-months-old calf by this same sire at the last International for \$1,100. This calf has a very good head and has developed beautifully. With his fashionable breeding and background, we believe he is well worth waiting on.

## Just a Word About the Females

There are 27 beautiful females in this sale. They are tops from the herds of the best breeders in this leading Shorthorn state. Most of these heifers were consigned because of a feeling of loyalty toward the Illinois Shorthorn Breeders Association and not because of a desire to part with them.

You can buy better females in this sale than you can possibly obtain at private treaty, and you will save much time and expense in so doing. We hope you will take particular note of the fact that those offered in this sale are daughters of the most famous sires in the land, and many of them are carrying the service of equally famous sires. Fifteen are bred and five more are right at breeding age; the others are show calf prospects.

Heifers bought by Ernest E. Johnson, consignor to this sale, from Marellbar Farms, consignor to this sale. Two were bred to Crieffvechter Beacon, and two to one of his sons. All of this breed is represented in this sale.

Roan, Peter A. Rasmussen

Edellyn Beauty 34th—A dark roan senior yearling daughter of the many times champion Edellyn Royal Leader 100th, out of a granddaughter of Calrossie Mercury. This heifer was exhibited for the first time at the 1954 Denver show but her winning was not available at the time this catalog was compiled. Edellyn Beauty 34th sells bred to the noted Beaufort Bulldozer.

Left, a sample of the kind of females you find in the H. P. & Leo D. Miller herd—five that won many blue ribbons for them at 1952 shows.

Right, Arngibbon Fund, a sample of the daughters of Bapton Commando 4th, reserve senior champion, 1953 Illinois State Fair, reserve grand at Lincoln and champion female over all breeds at Paris, Illinois. Lots 25 and 30 are by her sire.

Britomac Edwin cattle have consistently made good records, winning special significant acclaim at the last International. Note the combination of Edellyn Royal Leader and Cruggleton Bounce breeding. This heifer with service to our flashy Bonspiel bull should produce an exceptionally fine calf.

# **Standard Guarantee**

## **OF**

### **AMERICAN SHORTHORN BREEDERS ASSOCIATION**

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this Sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
